- Taught practicum sessions for courses *Web Application Programming* (PHP).
- Taught 33 students about *Web Application Programming* (PHP).
- Conducted practicum sessions and provided practicum feedback and assessment.

FACULTY OF COMPUTER SCIENCE (FILKOM UB) Feb 2025 – Jun 2025 *Practicum Assistant of 1 Courses*

- Taught practicum sessions for courses *Java Object Oriented Programming*.
- Taught 33 students about *Java Object Oriented Programming*.
- Conducted practicum sessions and provided practicum feedback and assessment.

FACULTY OF COMPUTER SCIENCE (FILKOM UB) Aug 2024 – Nov 2024 *Practicum Assistant of 1 Courses*

- Taught practicum sessions for courses *Basic Programming*.
- Taught 38 students about *Java basic programming*.
- Conducted practicum sessions and provided practicum feedback and assessment.

FACULTY OF COMPUTER SCIENCE (FILKOM UB) Aug 2024 – Aug 2024 *Filkom UB Community Service Team with the title AI-Based Digital Marketing Application (2024)*

- A total of 76 people took part in the AI-based digital marketing training webinar.
- Creating an AI-Based Digital Marketing Application Module.

TECHNICAL SKILLS

- **Languages & Frameworks:** PHP (Laravel, Filament), JavaScript/TypeScript (React.js, Next.js, Node.js, Express.js), Java, HTML5, CSS3.
- **Tools & Databases:** MySQL, MongoDB, Postman, GitHub, Git, Tailwind CSS, Vercel, Cisco Packet Tracer.
- **Specializations:** Backend, RESTful API, Role-Based Access Control (RBAC), UI/UX Design.

PROJECTS

SIMITA (Inventory Information System) | *Laravel, Filament, MySQL, Sanctum*

- Build inventory management platform for Nganjuk Regency with data trend visualization and analytics.
- Utilized Laravel Sanctum to manage secure authentication and API requests.

SMKN5 Project Manager (Capstone Project) | *MERN Stack (MongoDB, Express, React, Node.js)*

- Developed a collaborative workspace application featuring task management, Google OAuth, and advanced filtering/pagination.
- Deployed scalable frontend architecture on Vercel using React.js

Larana Resto (Restaurant Web System) | *React.js, Responsive Design*

- Built a seamless menu-browsing and ordering application as a final project for the User Interface Design course.
- Focused on intuitive navigation and responsive web design to ensure cross-device compatibility.

Personal Portfolio Website | *Next.js, React Framework*

- Designed a modern, clean UI to showcase professional work and development projects.
- Optimized site performance and accessibility using Next.js server-side capabilities.

ACHIEVEMENTS & LEADERSHIP

- **Awardee:** LPS Main Scholarship 2025 & Lotte Mart Foundation Scholarship 2024.
- **General Secretary:** Seni Religi UB (2026) & ROBOTIIK (2025) – Managing administrative governance and organizational archives.

ADDITIONAL

Soft Skills : Time Management, Problem Solving, Team Building, Team Management, Teamwork, Leadership.
